I understand the vehicle must be currently titled and registered in Delaware in the name of the applicant with a valid registration sticker. The organization plate may be displayed on a private passenger vehicle, SUV, or truck with a manufacturer's gross weight vehicle rating (GVWR) of 26,000 pounds or less. The title/ registration must be in an individual's name, not a business name.

A vehicle is authorized only one organizational plate. Applicants may only apply for one organizational plate. An applicant who currently has a organizational plate and is applying for a different organizational plate must indicate so on the application. No refunds will be authorized for canceling a vanity or other organizational plate.

The organizational plate can be displayed on the front of the vehicle if the applicant wishes to display the number plate on the back of the vehicle. Customers who display their organizational plate on the back of their vehicle must keep their number tag in their vehicle.

Owners wishing to transfer the organizational plate from one vehicle to another vehicle (same owner) must inform the dealer or DMV when paperwork is processed. If vehicle is traded or sold, the registration card displaying the plate number must be presented to the Division of Motor Vehicles so a new registration card can be issued.

In addition to this application, the Form DD1300 from the United States Department of Defense and official documentation of the applicant listed above being awarded a Gold Star lapel button must be submitted per 21 *Del.C.* § 2139I (a)(2). There is no fee for this plate. The vehicle must continue to pass DMV inspection and pay the yearly registration fee. Once the application has been submitted, the applicant should receive notification from DMV within six to eight weeks that the plate and registration card can be picked up or will be mailed to the home address as indicated above.
